EXPERIENCE

User Experience Designer II, *Oracle Health (Patient Portal)* Oct 2025 - Present

- Recruited for a high-visibility overhaul of the patient experience**, launching from 0 to App Store release in 4 months**
- Designed secure messaging for medical proxies and parent/child account relationships, enabling complex workflows and maintaining healthcare data privacy: **validated model in usability testing with 13 users**
- Redesigned the patient homepage, tasks, and recommended care engine, creating discovery paths to fuel user engagement and retention, increasing proactive patient exploration and **closing care gaps in 50% less time**
- Collaborated with engineering to roadmap incremental code releases and led Design QA, creating rigorous specs and guidelines to support development effort, and **ensuring 100% design parity and pixel-perfect execution for GA**

User Experience Designer, *Oracle (Clinical EHR)* Apr 2024 - Oct 2025

- Led the design of AI-assisted clinical documentation tools for physicians, integrating generative AI and audio analysis to **reduce documentation time by 30%** and **saving US physicians 400,000+ hours since launch**
- Recruited by the nursing product team for my high-impact collaboration: transformed click-heavy legacy intake and other charting forms into a streamlined, AI-forward experience that **reduced each patient visit by 6.5 minutes**
- Built trust and momentum with physician and nurse partners by presenting charting concepts that resonated, **driving record engagement with 36 customer groups** in clinical feedback panels that shaped the final design

Product Designer, *Bit of Goods (Volunteer student organization)* Aug 2023 - Dec 2023

- Led design of a responsive web app database for local non-profit Canine Assistants, **shipping 3 features per sprint**

User Experience Design Intern, *Oracle* May 2023 - Aug 2023

- Designed a conversational interface to streamline procurement and requisitions in hospitals, leveraging generative AI, NLP, and LLMs to prevent unnecessary requests and improve description quality, **saving buyers 15 hours a week**
- Resulting product concepts directly **influenced 3 product teams' strategy** for integrating NLP and LLMs

User Experience Design Intern, *Norfolk Southern Corporation* Jan 2023 - Apr 2023

- Redesigned internal safety reporting software to better meet federal compliance standards, **cutting average reporting time by 70%** and **raising task success rates from 40 → 100% in usability testing**
- Contributed 15 high-fidelity interactive components to cross-application and cross-platform design system

EDUCATION

Georgia Institute of Technology Aug 2018 - Dec 2023

Bachelor of Science in Industrial Design, *summa cum laude* 3.8 GPA

SKILLS

Design: Design Thinking, Wireframing, Prototyping, Information Architecture, User Flows, Design Systems

Research: User Interviews, Journey Mapping, Personas, Usability Testing, Data Visualization, Competitive Analysis

Tools: Figma, Codex, Claude Code, Cursor, Prototyping with LLMs, HTML & CSS, Javascript, Agile Methodology, Jira
